LOCATION

Buckhannon, the seat of West Virginia Wesleyan, is located near the geographical center of West Virginia. It is readily accessible from all parts of the state. Although several branches of the Baltimore & Ohio Railroad pass through the city, in recent years bus transportation has been more frequently used. Bus lines connect Buckhannon with all parts of the state. Students coming by rail, either from the east or west, should come to Clarksburg, twenty-seven miles from Buckhannon, from which point bus transportation is available.

The Wesleyan campus is beautifully situated upon an elevation within the Buckhannon city limits. It consists of fifty acres and slopes gently from the site of the Administration Building. On it there is a grove of noble oaks from "the forest primeval." Many other beautiful trees were planted by the founders of the institution. The beauty of the campus can never be forgotten by those who have seen it.

HISTORY

The beginnings of West Virginia Wesleyan College are traced back to the efforts of the Methodists to establish schools of higher learning in what is now West Virginia. Prior to the organization of the Methodist Episcopal Church, and before West Virginia separated from Virginia, at least three academies were established. One of these later developed into one of our state institutions; the other two disappeared. The one of longest duration was known as Northwestern Academy, located at Clarksburg. The last official mention of this school is recorded in the 1885 minutes of the West Virginia Conference. In 1887 the present site at Buckhannon was purchased, and in 1890 the doors of the West Virginia Conference Seminary were opened. As a secondary institution the school functioned until 1904 when it was raised to college standing, and the name changed to West Virginia Wesleyan College. The first college class was graduated in 1905. Three years later the Seminary was discontinued, and eventually all secondary work was eliminated.

West Virginia Wesleyan grants the degrees of Bachelor of Arts and Bachelor of Science. The College is under the direction of the Methodist Church and meets the standards set up by the University Senate of that body. West Virginia Wesleyan insists upon the highest intellectual standards. Leading universities welcome its graduates in their post-graduate courses and give them full credit for work done here.

OBJECTIVES

Experience teaches that reasons still endure for the maintenance of educational institutions on the excellence of Christian training. Realizing that a pure character is a cardinal virtue of the good citizen, the College stresses the importance of moral forces in human behavior. It is evident that the citizen cannot render his true worth to society unless he serves by example as well as by action.

While emphasizing the virtue of character-training in West Virginia Wesleyan College, the relative value of scholarship is not restrained. Led by the co-ordinating efforts of his instructors, the student is brought in touch with the merits and culture of refined knowledge. Thus he is trained to perform his duties as a citizen in a more edifying manner.

From its beginning, West Virginia Wesleyan College has diligently sought to unite in the life of its students the eminent features of a worthy character with the merits of distinctive scholarship. It is in this manner, therefore, that this college gives to our social union a compensating service.

REQUIREMENTS FOR ADMISSION

A. CERTIFICATION

In order to be admitted to the College, a candidate must have completed a minimum of fifteen units of preparatory work.

Graduates of approved high schools are admitted without examination to full freshman standing, but the applicant must present a certificate signed by the principal of the high school from which he graduated. The certificate must show the studies that have been pursued, the time employed, and the grades obtained. This statement should be filled out by the high school principal and forwarded by him to the office of the Dean so that it may be in the possession of the College before the time of registration.

Application forms for admission may be secured by directing a request to the office of the Dean.

EXAMINATION

Students who for any reason are unable to present satisfactory certificates of scholarship, may be admitted by examination. A detailed statement of the requirements for admission in this manner will be sent to those who apply to the Dean. These examinations are given on the opening day of the semester. Arrangements should be made with the Dean in advance. No charge is made for such examinations if taken on the day appointed.

B. ADMISSION WITH ADVANCED STANDING

A student presenting credit from another institution of recognized rank may be given advanced standing without examination. A complete transcript of the work certified by the proper authority, taken at the college last attended, must be presented to the Dean on or before the date of enrollment. Besides the statement of the work of collegiate grade the transcript must include a copy of the preparatory courses accepted by the institution issuing this transfer of credit.

Evidence of honorable dismissal from the school last attended must be furnished. Any student who has endangered his collegiate standing on account of low scholarship or irregular conduct cannot be enrolled unless he is recommended by the institution from which the transfer is to be made.

Upon proper application a student may be admitted to an examination for advanced standing. No fee is charged. Due arrangement with the Dean must be made in advance of the date on which the examination is to be given. If satisfactory evidence is afforded that the student has a reasonable knowledge of the subject, credit will be allowed.

Note: The following regulations should be carefully observed:

1. All claims for credit for work previously done must be adjusted at the time of the student's matriculation.
2. Public school diplomas and teachers' certificates will not be accepted as entrance credit.
3. Testimonials of good moral character are expected of all who apply for admission.
4. Students may be required to file health certificates with applications for enrollment.

C. REGISTRATION

A student is not regularly enrolled in a course until his application is endorsed by the registration officer and treasurer. All enrollments are for one semester.

TIME OF REGISTRATION

Freshmen are required to register during the Freshman Week, September 14-17, 1940. All other students will register on Tuesday, September 17. Excepting in cases of compulsory delay, late registration is discouraged. Students who enroll late may be required to reduce the number of hours in their schedule. A fee of $5.00 will be charged for all late registrations unless special permission is given by the Dean for such late registration.

CHANGES IN REGISTRATION

Changes in registration are discouraged. The course of studies should be made out at first with extreme care. But if a change is necessary the student must secure the approval of the instructor concerned and the Dean, and present a statement of the change to the Registrar in order that his enrollment will be regular.

STUDY LOAD

The number of hours one is advised to carry is seventeen. Eighteen may be taken by those who have established a good record, but those whose records are below average should restrict their load of academic work to less than seventeen hours. It is also advised that students who are working in order to earn a part of their expenses while in college, use careful discretion in the selection of their study load. It is better to take more than four years to complete the college course and maintain a high record than to take less time and make an irregular or poor record.

WITHDRAWAL

When it becomes necessary for a student to withdraw from a class, he should see the Dean who will ascertain the reason for this request. If the student is failing, and his request is approved

he is given a rating of "WF" which signifies withdrew failing. If he is not failing, his record is "WP" withdrew passing. One who discontinues a course without permission is charged with a failure.

ATTENDANCE

Students are responsible for regular attendance at classes from the dates specified for official registration: first semester, September 17; second semester, February 3. Instructors are required to report to the Dean all students whose absences in any course total one more than the recitations per week in that course. The student will be required to take, at a specified time, a special examination for which a fee of $1.00 is charged. After a student has taken such an examination on account of over-cuts he will be required to take another special examination for each unexcused absence and pay the customary fee. This rule does not apply in the following instances: (1) When a student is absent from the class as a representative of the college; (2) When the absence is the result of protracted illness; (3) When the Dean of the college regards the cause of the absence as justifying its being excused.

Absences from a class on the day immediately preceding or on the day immediately following a vacation period shall be counted double.

A student may have six unexcused absences from chapel. When the total exceeds that number, and for each succeeding offense, two quality points will be deducted from the total number of quality points received during the semester in which the absences occurred.

EXAMINATIONS AND REPORTS

The success of a student depends very much on the start that he makes. Therefore, at the conclusion of the first six weeks of the first semester of each year a test is given for the purpose of ascertaining whether or not the students are making satisfactory progress in their studies. Mid-semester tests are regularly given. Special attention is given to those who indicate a probability of failure.

At the conclusion of each semester, a final examination is given. The final grades are placed on the permanent records, and determine the scholastic standing of the student. The Registrar of the College forwards a copy of these grades to the parents of the students.

EXPLANATION OF CREDITS

One hour of credit is based on the principle that the student has met his class once each week for eighteen weeks or one semester. Therefore, a class that meets twice each week during one semester is counted as two hours of credit, three times a week three hours credit, etc.

It is presupposed that two hours of preparation should be devoted to each recitation.

Laboratory periods last at least two hours. Credit for laboratory work counts the same as for preparation.

EXPLANATION OF QUALITY POINTS

In order to qualify for graduation a student is required to have a minimum of 128 quality points. One quality point is given for each semester hour of work of a "C" grade, two quality points for each semester hour of "B," and three quality points for each semester hour of "A."

SYSTEM OF GRADING AND QUALITY POINTS

Grades	*Significance*	*Quality Points*
A	Superior	3
B	Good	2
C	Average	1
D	Passing	0
E	Condition	0
F	Failure	0
I	Incomplete	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0

If a student who has been making a passing grade and does not have a chance to complete his work on account of illness or any other prohibitive cause, his grade is recorded as "I" or incomplete. This work must be completed within the next six weeks in which the student is enrolled, and the final grade is then entered on the permanent record.

Any one who, at the time of withdrawal from college, is doing passing work, is given a mark "WP" which signifies withdrew passing, but one who withdraws and is not passing is given "WF" which are the initial letters of withdrew failing.

In order to remove a condition the student must take a special examination. The permit to take this examination is secured from the Office of the Dean and must be done within the first six weeks of the next semester in which the student is enrolled. The highest grade that may be given for the removal of a condition is "D."

LOW RATING IN SCHOLARSHIP

Any student who does work below passing in one or more courses is reported to the Dean at the end of the mid-semester. This matter will be taken up with the student with the purpose of ascertaining the reason for his low rating in scholarship.

One who receives grades that merit ten quality points in at least ten credit hours of academic work in one semester will be

permitted to continue his course without condition, but if less than ten hours and ten quality points are passed his name may be placed on a warned list.

A student whose name is on the warned list may be requested to discontinue his college course if he continues to fail in making a satisfactory standing in scholarship. One whose name is on the warned list may not represent the College in any athletic contest or in any other way as long as his academic record fails to show improvement to the extent that his name should be removed from this record.

CLASS STANDING

Freshman Standing—One is ranked as a freshman who has completed all entrance requirements.

Sophomore Standing—In order to be classified as a sophomore one must have satisfied all entrance requirements, completed at least twenty-four semester hours of college work, and merits twenty-four quality points.

Junior Standing—A student who has completed fifty-six semester hours and merits fifty-six quality points is ranked as a junior.

Senior Standing—One who has credit for eighty-eight semester hours and eighty-eight quality points will be enrolled as a senior.

Part-Time Standing—A student who is enrolled for less than twelve hours is given the rating of part-time standing.

REQUIREMENTS FOR GRADUATION

A. DEGREES

West Virginia Wesleyan College confers two academic degrees, Bachelor of Arts, and Bachelor of Science. Definite requirements are herein specified with which a student must comply in order to qualify for the degree pursued.

B. GENERAL REQUIREMENTS

Semester Hours

In order to qualify for graduation a student must complete at least one hundred twenty-eight semester hours. The schedule is arranged to cover a period of four years of study.

Quality Points

It is required that an applicant for a degree must merit one hundred twenty-eight quality points. Therefore, he must average a grade of "C" in his scholastic standing.

Residence

A residence requirement of at least one year and thirty semester hours of credit are required.

Subjects

For the degree of Bachelor of Arts, or Bachelor of Science the following subjects are required of all candidates:

Subjects	*Hours*
English Composition	6
*Foreign Language	12
Psychology	2
Philosophy	2
History, Economics, Sociology, or Government	6
Biblical Literature	5
Chemistry, Physics, Biology, Geology, or Mathematics	6
Public Speaking	4
General Physical Education	4
A Major study	24
Two Minor studies (each)	15

*A student who has completed two units or more of one foreign language in high school is required to finish in college only one additional year (6 hrs.) in the same subject to satisfy the foreign language requirement for graduation. But, if the student has no

credit, or less than two years, in foreign language in high school, two years (12 hrs.) of college training in one language are necessary to meet the requirement. The foreign language requirement is waived for students qualifying for a first-class high school certificate, or a collegiate elementary certificate.

All students, excepting those pursuing the Standard Normal Course, must finish the language requirement not later than the second year of college attendance.

Public Speaking and Physical Education should be completed during the first and second years in attendance.

MAJOR AND MINORS

On or before the beginning of the junior year the student shall select his major field of study and two minor fields. It requires twenty-four hours of credit to complete a major, and fifteen hours for a minor. A candidate for the Bachelor of Arts degree may elect any one of the following subjects for his major:

Art
Biblical Literature
Economics and Sociology
Education
English
Foreign Language
History and Government
Music
Public Speaking

To qualify for the Bachelor of Science degree a candidate may elect any one of the following subjects as a major:

Biological Sciences
Business Administration
Home Economics
Chemistry
Mathematics
Physical Education

C. EXPLANATION OF HONORS

Honors are determined by the point index of the student. The point index is computed by dividing the total number of points earned by the total number of hours. Thus one who completes thirty-four hours in one year and has earned fifty-one quality points would have a point index of 1.5.

Class honors are awarded at the conclusion of each semester. The requirements for honors are as follows:

For freshmen point index ---------- 2.25
For sophomores point index ---------- 2.50
For juniors point index ---------- 2.75
For seniors point index ---------- 2.75

At the end of the college year two grades of honor may be conferred on members of the graduating class. A student who has maintained a point index during his entire college course of 2.50 shall graduate *Cum laude.* One who has an average standing of 2.75 will receive the honor of *magna cum laude.*

The member of the graduating class who has attained the highest scholastic standing in his college course shall be given valedictory honors. The one who has second highest standing will have salutatory honors. Any student who has not been in regular attendance at West Virginia Wesleyan for at least three years will not be qualified for either of these honors.

Honors in scholarship shall be recorded on the diplomas of those who are entitled to them, printed on the commencement program, and recorded in the succeeding catalogue.

ORGANIZATION OF COURSES

PRE-PROFESSIONAL COURSES

While West Virginia Wesleyan College offers professional courses for teachers and for those interested in the commercial field, it does not offer complete courses in Medicine, Law, Theology, Dentistry, Engineering, and Pharmacy. Persons who desire to complete pre-professional courses in any of these subjects may lay a broad foundation in this institution before beginning the technical part of their work. There are separate courses suggested for students desiring to meet the requirements for Medicine, Law, Theology, Dentistry, Engineering, and Pharmacy. Consult with the Dean of the college with respect to forming an outline of studies in any of these courses. All work in the professional fields will be accredited towards either the Bachelor of Science or the Bachelor of Arts degree.

NOTATION OF COURSES

The following divisions are made in the general curriculum in respect to the numbering and classification of courses:

101 to 199	Freshmen Courses
201 to 299	Sophomore Courses
301 to 399	Junior Courses
401 to 499	Senior Courses

The odd numbers indicate courses given the first semester and even numbers indicate courses offered the second semester. Numbers separated by a hyphen signify that the course must be taken the full year in order to realize credit for it. Numbers which are separated by a comma show that the course is offered during the entire year but credit is allowed for each semester. When a course that is offered the first semester is repeated the second semester, the letter "r" is added to the number of the course.

A student must have credit for the prerequisites and the consent of the instructor before he may enroll in a course above his classification, and he must have consent of the Dean and the instructor in order to enroll in a class below his classification. One who enters with advance credit may select courses for which he has had the prerequisites, but as far as it is possible his courses must correspond with his classification. Students entering with two years of preparatory foreign language credit are required to enroll in courses numbered in the "200" group in order to continue study in that language.

In order to avoid confusion and possible injury to his college course the student is urged to enroll in subjects that fit his classification. That is, freshmen should enroll in the one hundred (100) group, sophomores in the two hundred (200) group, etc.

ACADEMIC DIVISIONS

The courses of instruction are organized in departments. For the convenience of the student in selecting fields for specialization the related departments are arranged in five divisions as follows:

I—Division of Fine Arts

Art and Design	M	m
Music	M	m
Speech and Dramatics	M	m

II—Division of Languages and Literature

English	M	m
French	M	m

("M" means that a major is given in that department and "m" indicates that a minor is given.)

COURSES OF INSTRUCTION

I.—DIVISION OF FINE ARTS

Professor Snodgrass, Miss Boette, Mrs. Neil, Mr. Muzzy, and Mr. Sorton.

DEPARTMENT OF FINE AND APPLIED ARTS

Miss Snodgrass

The aim of the courses offered in the Fine and Applied Arts Department is not only for professional training, but also to develop the appreciation and creative ability of those students who are genuinely interested.

All Art students will not become artists, yet the knowledge of Art is a valuable part of a liberal education.

101, 102 *History of Art*—First semester—A general survey of painting, sculpture and architecture, from the beginning to the present time. Second semester—A study of the lives and paintings of masters of all nations.
MWF 3 Hrs.

201, 202 *Introduction to Art*—An introduction and appreciation of Fine Arts, including a study of the growth and development of painting.
MW 2 Hrs.

205, 206 *Elementary Painting*—Beginning painting.—The use of pigments in different mediums—oil, water colors, and pastel, are given in private lessons.
Time to be arranged 2 Hrs.

207, 208 *Applied Design*—(Open to all Students). Required for a Home Economics major, giving the student practice in drawing design, composition and color, with the opportunity to apply these problems in stencil, tie-dye, block printing, leather tooling, and soap carving.
Time to be arranged 2 Hrs.

237, 238 *Public School Art*—(Open to all students). Required for standard normal certificate. Recommended as a beginning course in Art. This course which continues throughout the year aids students who expect to be art teachers or supervisors in public schools. Practice in freehand drawing of simple objects in pencil and crayon on paper; blackboard drawing; artistic anatomy; principles of perspective study of color; weaving; soap carving and construction work.
TT 2 Hrs.

303, 304 *Advanced Painting*—Continuation of Courses 205, 206. 2 Hrs.

401, 402 *Advanced Painting*—Continuation of Courses 303, 304. 2 Hrs.

DEPARTMENT OF MUSIC

Miss Boette, Mr. Muzzy, and Mr. Sorton

The chief aims of the Department of Music may be summed up as follows: Mental discipline, moral health and strength, spiritual development, physical co-ordination and control, general culture, and specific training for professional musicians and teachers.

ELIGIBILITY

All music courses except those in Applied Music (111, 112, etc.) are open to all students regularly enrolled in the College without extra fee.

Because of the sequential arrangement of the technical courses and in order to secure and maintain a proper balance with general college requirements, all majors and minors in this subject should confer with the instructor before registering.

101 *Public School Music*—A study of notation; major and minor scales; time figures; common terminology; intervals; and a study of the common chords and cadences.
MW 2 Hrs.

102 *Public School Music*—The study of the fundamentals of public school music; its presentation and the problems arising in this field of work; classroom management.
MW 2 Hrs.

103, 104 *Ear Training and Sight-Singing*—Sight-singing exercises, introducing the common problem of pitch and rhythm, are given in all major and minor keys; dictation exercises; exercises in complicated rhythms and divisions of simple and compound measures; melodic and harmonic dictation.

306 *Music Form*—Study of form in music both by analysis and original exercises. Work extends from simple two and three part forms through the canto and rondo. General structure of the fugue. 2 Hrs.

309, 310 *Instrumental Ensemble*—For any player of orchestra or band instruments who desires to improve in ensemble or group playing. Practice in playing in groups with other players (trios, quartets, etc.). Fee $2.00. 1 Hr.

312 *Choral Conducting* — 2 Hrs.

315 *College Orchestra*—Students are admitted to the orchestra as a result of tests given by the instructor. Standard overtures, operatic selections, and symphonic works are studied and performed along with lighter classics and semi-popular numbers. The orchestra performs for many college functions, including athletic games, dramatic entertainments, general assemblies, etc. It also gives at least one public concert performance each year.
Tues. 1 Hr.

317, 318 *Music Appreciation*—First semester, a survey of music is made from the early Greeks down to the modern period. Music

of Bach, Handel, Haydn, Mozart, Beethoven, Schubert, and many other composers, is studied through the medium of lecture and recordings. Second semester, all of the most important operas are studied. Stories, plot, and main characters of each opera are discussed and recordings, by many of our best contemporary singers, are used in this course. It is not necessary for entering students to have any previous musical training.
TT 2 Hrs.

321 *Band and Orchestral Instruments*—The instruments of the band and orchestra are studied by means of charts, lectures, and, when possible, by actual demonstration by performers. This is a theoretical course of definite value to all future teachers of music who expect to direct either bands or orchestra.
TT 2 Hrs.

MWF 3 Hrs.

423 *Music Appreciation*—For juniors and seniors. No prerequisites required. A survey of music from the simple to the complex or from early Greek music down to the symphonies and operas of today. The purpose of this course is to teach the student to appreciate good music. Lectures and demonstrations by means of the phonograph and the radio.
MWF 3 Hrs.

Choir—A study of the most representative sacred music from medieval to modern times. One hour of credit is allowed each semester for the following courses in Choir:
113-114, 213-214, 313-314, 413-414,

424 *Methods in Music*—Required of all majors in music.
TT 2 Hrs.

APPLIED MUSIC

111, 112 *Applied Music*—Piano, Organ, Violin, Voice, Orchestral Instruments.
Two hours credit. Two lessons per week.
Ten hours practice. Fee $40.00
One hour credit. One lesson per week.
Five hours practice. Fee $25.00

211, 212 Applied Music (Same as above).
311, 312 Applied Music (Same as above).
411, 412 Applied Music (Same as above).

RECITALS

There will be a series of lecture-recitals throughout the year. Every music major will be required to take part at least once, each semester. All students in the department will be expected to attend all music events and recitals.

WESLEYAN CHOIR

The Wesleyan Choir will make one concert tour each year throughout this and adjoining states. The choir is open to all students who can pass the competitive examination. Applicants must interview the choir director before enrolling.

WESLEYAN ORCHESTRA

The orchestra will make a study of standard overtures, operatic transcriptions and selections from symphonic literature. Frequent public performances will be given.

SPECIAL PROGRAMS

During the year three musical programs are presented by metropolitan artists. The programs, rendered in the college auditorium, are free to all students regularly enrolled.

DEPARTMENT OF PUBLIC SPEAKING AND PLAY PRODUCTION

MRS. NEIL

The aim of this department is to train students to more effective citizenship through speech ability, both in private conversation and public address; to help the teacher with a better presentation of his

material before the class and to train especially qualified students to teach speech.

201-202 *Fundamentals of Speech*—Study and application of the principles of psychology upon which effectiveness in speaking is based, including sensation, imagination, conception, and memory, action, voice building and diction. Special conferences with students having speech difficulties. Daily presentation of original speech or excerpts from literature before the class.
TT 2 Hrs.

207 *Juvenile Literature*—A study of literature for children will be made in a sufficiently detailed way to give a good basis for the appreciation and selection of material for the grades. Poetry, fanciful tales, and realistic stories are used and the best methods of presenting them. Much practice in the art of story telling. The compilation of a personal story book. Required of Standard Normal students.
TT 2 Hrs.

301 *The Art of Public Address*—Technique of composition and delivery of various types of speeches for formal and informal occasions. A study of the typical speeches of America's outstanding speakers.
MWF 3 Hrs.

MWF 3 Hrs.

312 *Reading*—Interpreting the printed page for silent or oral reading. Reading from modern poetry, the Bible and adapting and cutting short stories for the class room or public. A course designed especially for teachers who desire to improve their own speech ability and to create interest in good literature through the medium of vocal interpretation.
MWF 3 Hrs.

314 *Oral Interpretation*—A course in the oral reading of modern poetry and prose.
MWF 3 Hrs.

319-320 *Forensics*—This is not scheduled as a regular course, but carries credit varying according to the time spent and the quality of work done in preparation and participation in debates, and oratorical and extemporaneous speaking contests.
Time to be arranged 1 Hr.

402 *The American Platform*—Survey of American orators and their part in molding public opinion and influencing American life and progress. Each member of the class will be asked to make in intensive study of some phase of the general subject, and prepare and deliver a lecture on this topic.
WF 2 Hrs.

403 *Speech Composition*—Study of the theory of oral style with reading of models of great speeches. Much practice in speech composition. For majors only.
Hours to be arranged. 2 Hrs.

405 *Advanced Play Production*—Especially designed for teachers who wish to coach school and community plays. Adapting school and church auditoriums to dramatic work emphasized.
WF 2 Hrs.

406 *Literary Adaptations*—A study of the cutting and arrangement of plays, novels, and short stories for public presentation. (Alternating years with 314.)

ARGUMENTATION AND DEBATE

One hour of credit is allowed each semester for the following courses in Argumentation and Debate.
109-110, 209-210, 309-310, 409-410

An intensive study of the fundamental principles of argumentation and debate; analysis of the question; choosing the issues; building the brief; gathering the evidence; preparing and delivering the constructive speech; detecting fallacies and preparing effective refutation; much class room practice in debate.
1 Hr.

Speech Organization, Local and National—Two local organizations, the Forensic Club and the Wesleyan Play Shop, offer abundant opportunities for practical work in forensics and dramatics. There are also two national honor fraternities with local chapters in Wesleyan, Pi Kappa Delta, forensic fraternity, and Alpha Psi Omega, dramatic fraternity. These organizations are under the supervision of the Speech Department, and eligibility for membership is secured through active participation in this department.

II—DIVISION OF LANGUAGES AND LITERATURE

Professors Chrisman, Bos, Ogden, Mr. Steele, Mr. Ahlgren, and Mrs. Curry.

DEPARTMENT OF ENGLISH

Professor Chrisman, Mr. Steele, and Mr. Ahlgren

The courses in English offer students the opportunity to work in three related fields: (1) in writing, (2) in journalism, and (3) in literature. Emphasis is laid upon both the practical and the cultural aspects of the subject. Students desiring to teach English are given the training which will qualify them to do so. The vocational aim, however, is not stressed to the exclusion of those values which make for the broadening of horizons and enrichment of life.

301, 302 *Library Science*—A survey of library usage and methods planned for students expecting to teach in high schools, or those interested in library work as a profession. The first semester standard works of reference, both general and spe-

cial, are studied. The second semester is devoted to classification and cataloguing. Reasonable facility in the use of the typewriter and a reading knowledge of one or more modern languages are highly recommended.

Lecture two hours; laboratory two hours per week.
MWF 3 Hrs.

DEPARTMENT OF FOREIGN LANGUAGES

PROFESSORS OGDEN AND BOS

FRENCH

The study of French is a definite aid to clarity of thought and expression. This quality of the language grows in momentum as the study advances. A careful weighing of words is a natural result. This, doubtless, is one of the reasons why French is the world's accepted diplomatic language. Moreover, French provides unusually abundant clearly defined literature.

We aim to read it with discrimination, to comprehend the civilization that produced this language, to understand, at least, short spoken phrases and to be able to express simple thoughts clearly.

101-102 *Elementary French*—First semester; daily careful drill in pronunciation; regular and most important irregular verbs in daily oral and written exercises. Text: The New Chardenals Complete French Course, Grosjean.
MWF 3 Hrs.

201-202 *Intermediate French—First Semester*—Continued drill in pronunciation by daily oral and written exercises. *Second Semester*—Continuation of the preceding course. Particular attention to written composition.
MWF 3 Hrs.

301 *French*—Oral French: Conversation and reading based on types of short stories of the nineteenth century.
MWF 3 Hrs.

302 *French*—Survey Course in French Literature from the Middle Ages to the present time. Chinard's Histoire des Lettres Franchaises.

TT 3 Hrs.

308 *French*—The Romantic Movement in French. Studies in Chateaubriand, Alfred de Musset, and others of the movement. Oral and written reports required to insure an appreciation of the period.
MWF 3 Hrs.

404 *French*—Survey of the Literature of the French Renaissance. Text: Cons Anthologie de la Renaissance Litteraire Francaise.
MWF 3 Hrs.

406 *French*—French Drama after 1880. 3 Hrs.

407 *French*—Survey of the Classical Period of French Literature. Text: Chintz, Histoire de 17ieme Siecle de la Litterature Francaise.
MWF 3 Hrs.

408 *French*—Literature from the beginning of the 19th century. Text: Schnig's Nineteenth Century French Readings. Selections from Chateaubriand, Victor Hugo, Lamartine, and others.
MWF 3 Hrs.

409 *French*—Survey of the 18th Century of French Literature. Text: Chintz, Historie de 18ieme Siecle de la Litterature Francaise.
MWF 3 Hrs.

GERMAN

PROFESSOR BOS

The study of German should have a three-fold objective; correct and progressive knowledge and use of German shown principally in increased ability to read, but also in intelligible oral and written expression, for both cultural and vocational purposes; careful translation, implying understanding of Germon idiom, and ability and facility in accurate use of English; a growing interest in all phases of life and history of Germany and the Germans.

101-102 *Elementary German*—The object of the course is to put the student in possession of the elements of the German language. This implies: 1—a personal command of simple German, that is, the ability to understand such German whether heard or read, and to employ the language in simple conversation, narration and description, both orally and in writing; 2—a familiarity with the elements of German grammar in the degree essential for the obtainment of this command of the language.
MWF 3 Hrs.

201-202 *Intermediate German*—The aim of this course is to extend and strengthen the student's personal command of German, both oral and written. Reading of several suitable texts accompanied by drill dictation and written exercises.
MWF 3 Hrs.

301-302 *German Novel*—History and development of the German novel in the nineteenth century surveyed. Representative novels and short stories translated. Both intensive and extensive reading required. Prerequisite. German 101-2 and 201-2.
Time to be arranged. 3 Hrs.

303 *German Poetry*—German lyric and ballad poetry with reading in class of selections from Goethe, Schiller, Heine, and assigned parallel reading in other poets. Representative poems of authors memorized and interpreted. Prerequisite, German 101-2 and 201-2.
Time to be arranged. 3 Hrs.

401, 402 *German Drama*—Selected classical and modern plays read. Collateral study of the German drama of the nineteenth century. Prerequisite, German 201-202.
Time to be arranged. 3 Hrs.

403-404 *Scientific German*—The object of this course is to give students facility in reading German technical literature. Recommended to pre-medical students and others planning graduate work in the sciences. The course consists of reading current articles in German scientific books and periodicals.
Time to be arranged. 3 Hrs.

LATIN

Professor Bos

During the entire Latin courses by careful selection of texts and class-room procedure such immediate and ultimate objectives as mastery of Latin as such, knowledge of Roman life and culture and their influence upon subsequent times, literary appreciation of Latin literature, mental discipline, and a knowledge of tested and tried class-room methods and techniques, are constantly kept in view.

101-102 *Elementary Latin*—Emphasis laid upon the mastery of syntax including declensions, conjugations, vocabulary, and the subjunctive mood. Derivative relationship of Latin and English given attention.
MWF 3 Hrs.

201-202 *Intermediate Latin*—Selections from Caesar's Commentaries and Cicero's Orations. Systematic study of Latin grammar and prose composition supplementary to the translation.
MWF 3 Hrs.

303-304 *Virgil's Aeneid*—Equivalent of six books read. Literary merit of the poem, scansion, and mythology studied. Prerequisite, Latin 201-202.
MWF 3 Hrs.

401, 402 *Selections from Roman Historians, Principally Livy.*
Time to be arranged. 3 Hrs.

403 *Cicero's Philosophical Essays*—The state of Roman philosophical thought studied as a background for the translation of some of Cicero's principal essays.
Time to be arranged. 3 Hrs.

404 *Horace*—Selections from the Satires, Epistles and Odes. Collateral work in Roman poetry of the classical period. Latin prosody developed beyond that taken up in Latin 303-304.
Time to be arranged. 3 Hrs.

405 *History of Latin Literature*—A survey of the entire history of Latin literature. Lectures, collateral reading, and reports.
Time to be arranged. 2 Hrs.

406 *Tacitus and Augustine*—Translation of Tacitus' Agricola and Germania and Augustine's Confessions, serving as a basis for the study of Silver Age Latin and that of early Latin Christian literature.
Time to be arranged. 3 Hrs.

407 *Latin Comedy*—Translation of at least three comedies of Plautus and Terence, and related matters given attention.
Time to be arranged. 3 Hrs.

408 *Review Latin Composition*—For prospective teachers of Latin. A rapid but thorough review of Latin grammar and syntax required in the teaching of high school Latin.
Time to be arranged. 2 Hrs.

409 *Juvenal's Satires*—Translation and interpretations of text. Collateral study of manners and customs of early Empire days.
Time to be arranged. 2 Hrs.

SPANISH

PROFESSOR OGDEN

Not without cause have English, French, German, and American writers long since found Spanish literature a most abundant source of inspiration. Grace of expression, variety, music, rhythm, charm, all and more, are to be had here for the taking. The study of this language affords a personal approach.

101-102 *Elementary Spanish*—Careful attention is given to pronunciation, correct hearing, and expression in simple Spanish. Thinking in the language is begun and a continual growth of a usable vocabulary sought. The fundamentals of Spanish grammar, verb construction and oral and written exercises are given.
MWF 3 Hrs.

201-202 *Intermediate Spanish*—Advanced Spanish composition. Aim: clear, correct expression in the language; facility in thinking in the language; rapid reading to begin acquaintance with Spanish civilization, and advanced grammar.
MWF 3 Hrs.

301, 302 *Spanish Literature*—Spanish literature of the nineteenth century. Oral and written reports in Spanish founded on the reading of material from such authors as Caballero, Galdos, Echegaray, and Nunez de Acre.
MWF 3 Hrs.

303, 304 *Spanish Prose*—A survey course of the works of Siglo de Oro, Lope de Vega, Tirso de Molino and Calderon, will be studied in the first semester as Spanish 303. The second semester will be given to Cervantes as Spanish 304.
MWF 3 Hrs.

306 *Spanish-American Literature*—Prose and poetry. Especial attention will be given to Ruben Dario. The first semester will be given to prose. The second to poetry.
MWF 3 Hrs.

Other courses in Spanish may be offered upon request of sufficient number of students to justify the organization of such courses.

III—DIVISION OF BIBLICAL LITERATURE, PHILOSOPHY, EDUCATION AND PSYCHOLOGY

Professors Brown, Schoolcraft, Saucier, and Mr. Hamrick

DEPARTMENT OF BIBLICAL LITERATURE AND PHILOSOPHY

Professor Brown and Mr. Hamrick

Statement of Purpose

The Bible records numerous aspects of world history so significant, and contains a literature so varied and rich, that without some knowledge of it no training in the liberal arts is complete. The purpose of the courses offered in the Bible is to lead to an understanding and appreciation of the historical significance, the literary wealth, and the unique moral and religious value of the Hebrew and Christian scriptures.

The courses in Philosophy are designed to aid the student in acquiring a knowledge of the world views of the master minds of history, and of sound principles of thought and conduct, and in formulating for himself an adequate interpretation of the world and of man's place in it.

101, 102 *New Testament History and Literature*—A study of the beginning of Christianity; the life of Christ; the environment and formation of the early church.

MWF 3 Hrs.

315, 316 *The Bible as Literature* (New Testament)—A course in the literature of the New Testament for juniors and seniors. The course is at once critical and appreciative. Special attention is given to the synoptic problem and the synoptic gospels, the Johannine literature, and the letters of Paul.
2 or 3 Hrs.

401, 402 *The Social Institutions of the Bible*—A genetic study of Hebrew society which affords the necessary background for a better understanding of the Prophets and of the Christ. A survey of the domestic, economic, political, and religious institutions of the Hebrews. The social teaching of Jesus will also be emphasized.
MWF 3 Hrs.

PHILOSOPHY

201, 202 *History of Philosophy*—Historical study of the writings of the most significant philosophers, with attention to the continuity and development and treatment of the major philosophical problems.
MWF 3 Hrs.

203 *Introduction to Philosophy*—The chief problems of philosophy are discussed, together with the solutions offered by different schools of thought. Intended to familiarize the student with philosophical methods and vocabulary.
MWF 3 Hrs.

304 *The Philosophy of Religion*—This course will follow Philosophy 203. A discussion of foundation principles of a theistic faith and related problems as personality, prayer, immortality, and the problem of evil.
MWF 2 or 3 Hrs.

305 *Logic*—An examination of the thought processes involved in correct thinking, with emphasis upon their practical application.
MWF 2 or 3 Hrs.

306 *Ethics*—A review of the principal doctrines of the various schools of ethical theory and their application to current moral problems of personal character and social relationships.
MWF 2 or 3 Hrs.

408 *Social Philosophy*—A critical examination and evaluation of the leading social philosophies of the western world. This course aims to give the student a synoptic view of the interdependence of social, political, and economic thought, with special emphasis on the ethical implications of the same for a democracy.
MWF 2 or 3 Hrs.

DEPARTMENT OF EDUCATION AND PSYCHOLOGY

PROFESSORS SCHOOLCRAFT AND SAUCIER

Statement of Purpose

The courses offered in the Department of Education provide all the professional training required of persons preparing to teach on either the elementary or secondary level in the public schools of West Virginia, and of all other states in which students may wish to qualify as teachers. It is the purpose of West Virginia Wesleyan College to offer the very best professional training for teaching in connection with the very best training in the subject matter to be taught, and the broad and rich cultural advantages of a Liberal Arts College. Unusually ample opportunities for directed observation and practice teaching are afforded in the public schools of Buckhannon.

SPECIAL NOTICE: The required courses of study for various certificates on different levels, and in different subjects, in West Virginia, not to mention other states, are so numerous and complex, and both the State requirements and the daily schedule of college courses are subject to such frequent revisions, that no attempt is made in this catalog to outline in detail courses of study for teachers in training. *All students in the field of education should throughout their entire course in college plan the work of every semester under the direction of the Faculty of Education.*

201 *West Virginia School System*—This course is designed to acquaint the prospective elementary school teacher of this State with its system of education. The school laws, the program of studies, school administration, and other major topics are considered in the light of modern educational theory and practice.
TT 2 Hrs.

205 *Principles of Learning and Teaching*—A survey of principles and methods in the elementary school. Required on elementary level. Prerequisite, Educational Psychology 112.
MTWTF 5 Hrs.

208 *School Management and Organization*—The elementary schoolroom situation is studied from the point of view of management. Organization, attendance, discipline, records, and the various relationships of the teacher and pupils are among the topics considered. Required course on elementary level.
TT 2 Hrs.

210 *Primary Education*—A study of the objectives, subject matter, teaching technique, and classroom management of the primary grades. A brief consideration of the child constitutes the approach to the course. Elective on the elementary level.
MWF 3 Hrs.

235, 235r *Directed Teaching in Elementary School*—Text, observations and reports, lesson plans, teaching under supervision, conferences, and class sessions. Open to Standard Normal students in sophomore year; to 4-year elementary students in senior year only. Prerequisites: Educational Psychology 112; Education 205 must either precede or accompany this course; a "C" average or better in Education and in college record as a whole.
MTWTF Fee $5.00 5 Hrs.

303 *Tests and Statistics*—An introduction to the theory, construction, selection, and use of tests, and to the interpretation and evaluation of test scores. Elective. Fee $1.00.

Interests, motivation, personality, mental disturbances, mental hygiene, juvenile delinquency, and guidance are considered. Prerequisite: Psychology 201 or 301.
TT 2 Hrs.

IV—DIVISION OF SCIENCE AND MATHEMATICS

Professors Judson, Hyma, Haught, Ross, and Hallam, Mr. Reemsnyder, Miss Cokeley, and Mrs. Ross

DEPARTMENT OF BIOLOGY

Professor Judson

Courses in this field are designed not only for the general cultural knowledge of all students, but also for those who expect to do advanced work in zoology, medicine, bacteriology, biochemistry, agriculture or botany. Opportunities for the appreciation of the work of the Creator are pointed out in all classes. Preparation is made by competent students for work in medical clinics, city water and sanitary plants, biological research laboratories, government projects and agricultural experiment stations. Emphasis is placed upon preparation of students for biology teachers.

101, 102 *Plant and Animal Biology*—Plant biology is given the first semester and with animal biology constitutes a year's work in general biology. The structure and physiology of plants and animals and their relation to environment are emphasized. A study is made of the fundamental principles of life in general, with particular reference to man. Elective for freshmen. Laboratory Fee $5.00.

MW	8:55—Lab.	T T	8:00- 9:50
MW	2:15—Lab.	T T	10:20-12:05
	Lab.	T T	1:20- 3:15

4 Hrs.

202 *Eugenics*—A study will be made of the sociological application of biological principles. Emphasis will be laid on the practical means by which society may encourage the reproduction of superior persons and discourage that of inferiors. Prerequisite, General Biology or General Chemistry.

MWF 3 Hrs.

203 *Field Biology*—A course of general interest which includes the identification and ecology of the economic plants and animals. This course is given during the Christmas holidays, and includes a fourteen day trip to Florida. Studies are made of the plants enroute and those in the various tropical and marine gardens in Florida. Guest college professors and conductors from parks, gardens, and nurseries contribute to the course. The practical uses of plants and animals in industry are emphasized. 2 or 3 Hrs.

207 *Human Physiology*—This course consists of a general consideration of the principles of physiology, with particular ref-

erence to man. Three classroom hours per week. General Biology is prerequisite. Laboratory fee $2.00.
MWF 3 Hrs.

301 *Comparative Anatomy*—The relationship between the different groups of vertebrates are considered by a detailed study and dissection of types of fishes, amphibia, reptiles and animals. Given in alternate years. Prerequisite, General Biology. Laboratory fee $7.00.
WF 4 Hrs.—Lab. 10:20-12:05
Lab. 1:20- 3:15

302 *Embryology*—A study is made of the production of germ cells, segmentation and development of the egg, and growth of the principal organs and tissues in typical vertebrates. General Biology is prerequisite. Given in alternate years.
WF 4 Hrs.—Lab. 10:20-12:05
Fee $7.00 Lab. 1:20- 3:05

307 *Bacteriology*—A foundation course for work in medicine, home economics and general culture. Training in bacteriological technique will be given in the laboratory. The yeasts, mold, and the relationship of micro-organisms to health and to the preparation and preservation of foods will be studied. Four hours of laboratory and two hours of classroom work per week. General Biology or General Chemistry prerequisite. Fee $7.00.
WF 4 Hrs.—Lab. 10:20-12:05 TT
Lab. 1:20- 3:10 TT

308 *Diagnostic Bacteriology*—The object of this course is to teach the underlying principles of clinical and diagnostic bacteriological methods. A number of pathogenic bacteria are studied. Students are prepared for board of health work, technicians, physicians' assistants, and for the study of medicine. General Biology or General Chemistry prerequisite. Four hours laboratory and two hours classroom work. Fee $7.00.
WF 4 Hrs.—Lab. 10:20-12:05 TT
Lab. 1:20- 3:10 TT

405 *Field Botany*—Includes the identification and classification of the trees and shrubs on the campus and surrounding territory. One hour of lecture per week and two hours in the field.
2 Hrs.

406 *Field Botany*—Includes the identification, classification, and ecology of the common flowering plants of West Virginia. One hour lecture per week and two hours laboratory or field work.
2 Hrs.

407, 408 *Biology Seminar*—The current biological literature will be discussed. Papers will be presented by members of the class upon biological topics of interest. General Biology is a prerequisite.
Th. 1 Hr.

DEPARTMENT OF CHEMISTRY

Professor Hyma and Assistants

101-102 *Inorganic Chemistry*—During the first semester the nonmetals and laws governing chemical changes are studied. The second semester is devoted to the metals and a few compounds of carbon. A special section is arranged for students who have not studied high school chemistry. Laboratory fee $8.00 each semester. 4 Hrs.

Classes MWF		Laboratory TT

Class MWF Laboratory MWF 1:20-5:05

204 *Qualitative Chemical Analysis*—A special course in semi-micro analysis. Laboratory fee $8.00. 3 Hrs.

205, 206 *Physical Science*—This course is provided to meet the requirements for certification. It includes an introduction to the following subjects: Chemistry, Physics, Biology, Geology, and Astronomy, and may not be counted as one of the subjects in a major or minor field of study.
MWF 3 Hrs.

208 *Laboratory Technique*—For all students who intend to teach Chemistry. This course covers the general methods of teaching first year Chemistry, including problems of beginning instruction, testing, teaching efficiency, proper use of written work, analysis of examination, preparation of all reagents and a

detailed study of laboratory methods. Prerequisite, Chemistry 101-102.
Class TT 2 Hrs.

301 *Gravimetric Analysis*—Lectures and Laboratory. Quantitative determination of pure chemicals and materials by gravimetric methods, including coal analysis. Prerequisite 101-102, and 203. Laboratory fee $8.00. 3 Hrs.
Class MWF 2:15 Laboratory MWF 1:20-5:05

302 *Volumetric Analysis*—Preparation and standardization of solutions. Analysis of ores, salts and commercial products. Special attention is given to theories and calculations. This course is required of pre-medical students. Laboratory fee $8.00.
MWF 2:15 (Lab. MWF 1:20-5:05) 3 Hrs.

401-402 *Physical Chemistry*—Lectures only. Course 401 is a study of gases, liquids, solids. Course 402, Thermochemistry, Equilibrium, and Electrochemistry.
Class MWF 3 Hrs.

403 *Water Analysis*—This course will include one full week of analytical work in an assigned industrial or municipal filtration plant. Fee, $8.00. Additional fee for industrial service, $5.00. 3 Hrs.

405 *Gas Analysis*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $8.00. 3 Hrs.

407 *Food Analysis*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $8.00. 3 Hrs.

409, 410 *Science Seminar*—For advanced students in Chemistry and Physics. 1 Hr.

411, 411r *Organic Preparations*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $10.00. 3 Hrs.

414 *Physical Chemistry*—Laboratory only. Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $10.00. 3 Hrs.
Laboratory MWF 1:20-5:05

DEPARTMENT OF GEOLOGY AND GEOGRAPHY

PROFESSOR HAUGHT

101 *General Geology*—This course is a study of minerals, rocks, and the structures of the earth including the agencies producing structure, weathering, erosion, diastrophism, the work of streams, glaciers, winds, waves, and volcanoes. The theories of the formation of coal, oil, gas and other economic products, are considered.
MWF 3 Hrs.

102 *General Geology—Historical*—The important objectives of this course are the geological time divisions, rock formations, and the correlation with these of their existing life species. Representative fossils will be examined, and field trips made.
MWF 3 Hrs.

107 *College Geography, Principles of Human Geography*—The basic idea of this course is the relation of geography to human institutions, progress and well-being. Climate, latitude, winds, rainfall, relief, streams, plains, mountain barriers, soils, fisheries, and other items enter into the study of this relationship.
MWF 3 Hrs.

108 *College Geography, Climatology*—This course is a study of the principles of climate. It is logically developed from a consideration of the fundamental controls of climate—latitude, land and water bodies, mountain barriers, altitude, prevailing winds, ocean currents, and storms.
MWF 3 Hrs.

111 *Physical Geography*—This course considers the surface physical features of the earth, their geologic background, and the influence of surface features upon human social, political, and economic trends of past and present time. Special attention is given to the physical geography of the United States.
MWF 3 Hrs.

112 *Economic Geography of North America*—The aim of this course is a study of human economic activities as related to climate, topography, soil, minerals, sources of power, centers of population, and facilities for transportation in North America.
MWF 3 Hrs.

201 *Geology of West Virginia*—In this course is undertaken a study of the physical, historical, and economic aspects of the geology of the State. The course is open to those only who have credit for course 101, or by special permission.
TT 2 Hrs.

202 *Physical and Economic Geography of West Virginia*—In addition to studying the physical features of the State, emphasis will be placed upon the study of the natural resources, manufacturing industries and agricultural activities.
TT 2 Hrs.

301 *Economic Geography of South America*—Instruction in this course and the next will be carried out on the same general plan as for course number 112.
TT 2 Hrs.

302 *Economic Geography of Europe*—(See statement of aims in courses numbered 112 and 301 above.)
TT 2 Hrs.

DEPARTMENT OF HOME ECONOMICS

MISS COKELEY

Home economics training is preparation for better living. This work is so planned that the girl is helped to understand her own capacities, to express her personality, and to develop the right standards of life. The nutrition value of foods, the selection, construction, and care of her clothes, budgeting her allowance, etiquette, and health habits are studied as basic knowledge for the girl in college as well as for the future.

101 *Clothing Selection*—Study of the principles of design applied to dress, the relation of color to individual problems in dress, and the selection of materials and clothing according to their suitability and economic value. This course includes a study of historic costume.
MWF 3 Hrs.

102 *Clothing Construction*—This course includes practice in the use of commercial pattern, hand and machine sewing, applied to simple garments. Laboratory four hours a week. Prerequisite Home Economics 101.
TT Fee $2.00 2 Hrs.

201-202 *Foods and Cookery*—This course is a study of staple foods including the production, the preparation of the foods for the table, and the principles of cookery involved. Practice is given to develop skill and efficiency in handling materials. Lecture one hour and laboratory four hours a week. Parallel or prerequisite Chemistry 101-102. Fee $5.00.
MWF 3 Hrs.

207 *Home Planning*—A study of history of houses; evaluation of home ownership, study of housing shortage and housing as a social problem. Study of building or remodeling a house: financing, location, plan, construction, drainage, ventilation and heating.
MWF 3 Hrs.

208 *Home Decoration*—A study of furniture as influenced by periods of history and contributions by different countries. A study of reproduction and modern furniture. Furnishing the home considering art, economy, comfort and individuality.
MWF 3 Hrs.

213 *Textiles*—This course is planned to give technical knowledge concerning textile materials, their names, prices, weaves, and uses; including the study of chemistry of fibers, bleaching, dyeing, tests for adulteration of fabrics, microscopic study of fibers and modern weaves. Prerequisite, Chemistry 101 and 102. Lecture two hours, laboratory two hours per week. Fee $2.00.
MWF 3 Hrs.

301 *Child Care and Nutrition*—This course is a study of the development and care of the child, including physical and mental growth, diet and clothing, diseases, habits and discipline.
TT 2 Hrs.

312 *Economics of the Household*—This course covers a history of the home, a study of living standards and the business of the home including rent, food, clothing, operating expenses, education, and the servant problem. Prerequisite, Economics 201.
MWF 3 Hrs.

314 *Home Management*—A survey of household equipment, its use, cost and care is made; problems in housekeeping and management are solved.
MWF 3 Hrs.

401, 402 *Clothing Construction*—This course is an extensive study and use of commercial patterns. Dresses, suits, and blouses will be made of silk and wool. Laboratory four hours a week. Fee $2.00. Prerequisite Home Economics 101, 102 and 213.
TT 2 Hrs.

407 *Dietetics*—This is a detailed study of human nutrition including the chemistry of foods, diets, digestion, factors which influence the individual's need for food, and the best foods. Lecture three hours and laboratory two hours a week. Fee $4.00. Prerequisite Home Economics 201 and 202.
MWF 3 Hrs.

408 *Meal Planning and Serving*—The planning, purchasing, preparation, and serving of meals for the family, guests and community affairs. The table etiquette and decoration are studied. Lecture two hours and laboratory two hours a week. Fee $5.00. Prerequisite Home Economics 201 or 202. 3 Hrs.

DEPARTMENT OF MATHEMATICS AND PHYSICS

PROFESSOR HALLAM

The course of studies in this department has a threefold objective: To prepare the student majoring in Mathematics for entrance to the leading graduate schools; to give the student of engineering

the necessary foundation; to develop in all students orderly and analytic methods of thought.

The major in Mathematics is required to complete courses Nos. 301 and 302.

101 *Solid Geometry*—The usual theorems, constructions, a thorough study of solids and surfaces. Open to all who have had plane geometry.
MWF 3 Hrs.

103 *College Algebra*—A course in advanced algebra including a study of determinants, progressions, permutations and combinations, probability, mathematical induction, functions and graphs, theory of equations, and logarithms.
MWF 3 Hrs.

104 *Trigonometry*—The study of the angle and triangle, the functions of an angle, line functions, trigonometric analysis, logarithms, applications.
MWF 3 Hrs.

201 *Analytic Geometry*—Application of algebra to geometry. Cartesian coordinates, curve tracing, conic sections, transformation of coordinates, polar coordinates, the line in space, quadratic surfaces.
MWF 3 Hrs.

202 *Differential Calculus*—The idea of limits, instantaneous rates, differentiation of algebraic and transcendental functions, differentials, maxima and minima, points of inflections, indeterminate forms.
MWF 3 Hrs.

207, 208 *Descriptive Geometry*—The use of the plane to represent lines, planes and surfaces in space, and related problems. Prerequisites, plane and solid geometry.
MWF 3 Hrs.

213, 214 *Surveying*—Use of instruments, theory of surveying, computations of distances and areas, leveling, plotting. Hours are so arranged that good weather in autumn and spring are spent doing field work. Time to be arranged.
MWF 3 Hrs.

220 *Astronomy*—A descriptive study of the stars and their motion. Various theories of the origin of the planetary system are discussed. A small astronomical telescope is available for the use of the class. Given alternate years.
MWF 3 Hrs.

301, 302 *Integral Calculus*—Integration as the inverse of differentiation, technique of integration, integration as a process of summation, multiple integrals, convergence and divergence of infinite series, elementary differential equations.
MWF 3 Hrs.

401, 402 *Differential Equations*—Ordinary and partial differential equations, applications, systems, integration by series. 3 Hrs.

PHYSICS

The department is well equipped in Laboratory and Demonstration Apparatus. A minor course is offered in the subject.

201-202 *College Physics*—Lectures, Demonstrations, Laboratory in the five branches: Mechanics, Heat, Electricity-Magnetism, Sound, Light. Prerequisite, Algebra and Trigonometry. Laboratory fee $5.00 per semester. 5 Hrs.

301-302 *Electricity and Magnetism*—Advanced study. The student must have completed or must take Mathematics 201-202 concurrently with the course. Lectures and Demonstrations. 3 Hrs.

304 *Electricity and Magnetism Laboratory*—Experiments of a more advanced nature. Emphasis will be laid on Radio phenomena. Laboratory fee $5.00. 2 Hrs.

DEPARTMENT OF PHYSICAL EDUCATION

Professor Ross, Mr. Reemsnyder, and Mrs. Ross

This department seeks to provide equipment and a program that gives the individual and groups an opportunity for physical activity in situations that are "physically wholesome, mentally stimulating and satisfying, and socially sound." The program is so arranged that adequate exercise, education in physical activity, and, a "carry over" interest in athletic games, may be attained.

For those who wish to prepare for teaching in this field a major and minor in Physical Education in accordance with the requirement of West Virginia are offered. Valuable experience, also, may be had through the well organized intercollegiate athletics of football, basketball, track, and tennis.

The department promotes a full-rounded program of intramural sports consisting of speedball, basketball, hockey, volleyball, baseball, track, tennis, and handball. The equipment facilities consist of a fully equipped gymnasium, handball court, one-fifth mile cinder track, football field, and three tennis courts.

COURSES OPEN TO MEN

101-102 *General Physical Education*—Provides exercise and training in sports and athletic games. Should be taken freshman year. Required for graduation.
MW or TT 1 Hr.

201-202 *General Physical Education*—Provides exercise, and advanced instruction in sports and athletic games, and aims to develop an interest in some physically wholesome activity which will carry over into later life. Prerequisite 101-102. Should be taken sophomore year. Required for graduation.
MW or TT 1 Hr.

103 *Hygiene, Personal and Community*—A study of personal problems pertaining to the health of the individual. A study of community hygiene and sanitation. Should be taken freshman year. Required of those preparing to teach.
TT 2 Hrs.

208 *Scouting, Club Leadership, and First Aid*—Theory of Scouting, Scout tests, and becoming a first class Scout. Work as leader of a scout patrol. Qualify and be recommended for a Scoutmaster's certificate. Work when completed gives rank of first class scout. Taught alternate years. 2 Hrs.

COURSES OPEN TO WOMEN

121-122 *General Physical Education*—Participation and instruction in sports and athletic games. Required for graduation. 1 Hr.

123 *Hygiene, Personal and Community*—A study of personal problems pertaining to the health of the individual. A study of community hygiene and sanitation. Should be taken freshman year. Required of those preparing to teach.
TT 2 Hrs.

124 *Plays and Games*—Games and rhythmic activities for elementary and secondary schools.
TT 2 Hrs.

205, 206 *Folk Dancing*—An elementary course in folk dancing. Two periods weekly.
TT 1 Hr.

221-222 *General Physical Education*—Continuation of 121-122. Required for graduation. 1 Hr.

305 *Rhythms*—Analysis of rhythm. Study and practice in natural dance skills. Some creative work. Two periods each week.
2 Hrs.

306 *Advanced Rhythms*—Folk and national dancing. Prerequisite, Physical Education 205-206. Two periods each week. 1 Hr.

COURSES OPEN TO MEN AND WOMEN

(*For students wishing to major in Physical Education and planning to teach.*)

207 *Tumbling and Stunts*—To teach and develop skill in performing the individual, combination and group stunts which compose simple tumbling. Taught alternate years.
TT 1 Hr.

224 *Plays and Games*—Games and rhymic activities for elementary and secondary schools. 2 Hrs.

302 *Kinesiology*—A study of the principle types of muscular exercises emphasizing performance, reaction on the body, relation to bodily development, and efficiency. A consideration of the prevention and cure of certain defects and deformities. Prerequisites: Biology 101-102, 301, and 207. Taught alternate years.
MWF 3 Hrs.

303 *Playground, Community Recreation and Games*—A study of the development of skill in playgrounds and community recreation, the organization and administration of playgrounds, and the teaching and playing of games. Taught alternate years.
MWF 3 Hrs.

304 *Individual Sports*—A study of the rules, methods of teaching, and the development of skill in the following games: tennis, handball, badminton, horse shoes, archery, and shuffleboard. Taught alternate years.
MWF 3 Hrs.

309 *Officiating*—Theory and practice in officiating in football, basketball, baseball, and track. Taught alternate years. 1 Hr.

310 *Health and Physical Education*—A study of the place of health service, health instruction, and physical education in the school room.
TT 2 Hrs.

405 *Principles of Physical Education*—A study of the basic principles underlying Physical Education. Taught alternate years.
TT 2 Hrs.

406 *Organization and Administration of Health and Physical Education*—A study of the problems confronting administrators of health and physical education in the public schools. Prerequisite, Physical Education 405. Taught alternate years.
MWF 3 Hrs.

407 *Team Sports*—A study of rules, teaching, and leadership of the following sports: speedball, touch football, hockey, volleyball, and basketball. Prerequisites: Physical Education 101-2, 201-2 or 121-2, 221-2. Taught alternate years.
MWF 3 Hrs.

408 *Team Sports*—A study of rules, teaching, and leadership of the following sports: Basketball, softball, track, and tennis. Prerequisites: Physical Education 101-2, 201-2 or 121-2, 221-2. Taught alternate years.
MWF 3 Hrs.

VARSITY ATHLETICS

Fresh.	*Soph.*	*Junior*	*Senior*
109	209	309	409
110	210	310	410

(Not more than one hour each semester is allowed for varsity competition.)

ATHLETIC ELIGIBILITY RULES

1. Each member of any team must carry at least fourteen semester hours work, none of which is a repetition of work for which he has credit either here or elsewhere.

2. No student who shall engage or has engaged in any athletic contest as a member of a recognized professional team shall be eligible to represent Wesleyan in any intercollegiate sport.

3. No new student shall be eligible to play on the varsity football team who the previous year played in the varsity team of any college with a male enrollment of one hundred and fifty.

4. No student shall participate in any branch of intercollegiate athletics for more than four years.

5. No student shall play in a match game who has not enrolled within two weeks after the opening of the term.

6. No student may participate in intercollegiate contests who is failing to maintain a satisfactory scholastic record.

7. No student shall be eligible to represent Wesleyan College in any match games with members of the West Virginia Athletic Conference until said student has complied with the eligibility rules of both Wesleyan College and the West Virginia Athletic Conference.

V—DIVISION OF POLITICAL AND SOCIAL SCIENCES

Professors Glauner, Karickhoff, Lambert, Mr. Carder, Miss Evans, and Mr. Hamrick

This group of studies proposes to present a survey of the history, economic conditions and society of the human race. The courses in Economics take up the chief principles of the subject. Then attention is turned to labor, money, commerce and the history of their development. The collection and organization of data are considered important.

The purpose of the courses in History is to acquaint the student with the movements, organizations and the general activity of mankind from the earliest times up to the present. The study of Political Science correlates with that of History. Here we trace the political organizations of people and acquaint the student with the various forms, changes and characteristics of organized government.

Sociology emphasizes a study of the human race from a cultural standpoint and its social well-being. In this study also the evils resultant from crime, disease and maladjustment are presented to the student.

DEPARTMENT OF ECONOMICS AND SOCIOLOGY

Professor Karickhoff

101-102 *Principles of Economics*—This course is designed to give the student a knowledge of the subject matter of Economics. Special consideration will be given to all principles of production, distribution, consumption, international trade, tariff, transportation, etc. Lectures and prescribed reading. Required for a major in Economics or Business Administration.
MWF 3 Hrs.

201 *Conservation of Natural Resources*—A study of the various conservation policies. Special attention will be given to the wastefulness of natural resources in West Virginia. Lectures, collateral reading, reports. Prerequisite, Economics 101-102. Not given 1940-41.

MTTF 2 Hrs.

102 *Secretarial Science* (Shorthand)—A continuation of course 101. General stress on accuracy and speed in writing, reading and transcribing shorthand notes, correlation of shorthand and typewriting in transcription.
MTTF 2 Hrs.

141 *Accounting*—The principles of bookkeeping and accounting are developed in this course by means of questions and problems for class discussion, laboratory problems, and practice sets. The objectives are personal, social, economic, educational, and vocational. The course designs to give new content, new view-

point, new motivation, new applications, and new objectives to the bookkeeping and accounting field.
MWF 3 Hrs.

142 *Accounting*—This is a continuation of Course 141. Prerequisites, Accounting 141 or two years of high school bookkeeping.
MWF 3 Hrs.

151 *Secretarial Science* (Typewriting)—For beginners and those desiring knowledge of typewriting for personal use. Beginning students are started in a primary drill class and given five to six weeks practice in drills while covering the key board. Emphasis is placed upon touch, position, machine parts, and technique of typewriting.
MTWTF Lab. fee $4.00 2 Hrs.

152 *Secretarial Science* (Typewriting)—A continuation of Typewriting 151. Emphasis on developing skill, advanced drill practice to aid in accuracy and speed, letter set-up, completion of the manual, and meeting the additional speed requirements. Students completing this course have a thorough knowledge of the technique of typewriting. Prerequisite, one year high school typewriting.
MTWTF Lab. fee $4.00 2 Hrs.

161 *Business Mathematics*—An intensive review and application of the fundamental operations of mathematics in preparation for advanced courses in the field of mathematics and accounting. Emphasis is placed on rapid calculation, percentage, interest, and business practices.
TT 2 Hrs.

201 *Advanced Shorthand*—A continuation of Shorthand 102. Laboratory fee $4.00.
MTTF 2 Hrs.

202 *Advanced Shorthand*—A course in dictation from both old and new material at varying rates of speed. Special attention is given to the production of accurate and attractive transcripts. Daily use of the dictionary is required, also correct punctuation, good letter placement, and the reading of perfect outlines from shorthand readers. Students of this course will have the opportunity to secure actual practice in the business and professional offices of the city. Prerequisite: Three semesters of Shorthand.

MWF 3 Hrs.

233 *Office Management*—This course is intended to introduce the student to the most important problems of office organization, management, modern secretarial practices, the preparation and utilization of standard business forms.
MWF 3 Hrs.

235 *Advertising*—This course deals with the economics of advertising, study of copywriting, layout, psychology in advertising and the various set-ups. Advertising research and the practical application of the principles already studied will be put into practice by devoting a part of the time to making up advertisements.
MWF 3 Hrs.

238 *Salesmanship*—An attempt is made to study the scope, methods, and policies of salesmanship, the channels of distribution, and the psychology of selling. The following are typical topics covered: knowledge, the basis of all selling; instincts, motives, and desires; sales canvass, the interview, attention, interest, desire and conviction; questions, objections and excuses; diplomatic class, advertising, and the house-to-house selling. The student will have an opportunity to secure actual salesmanship experience by being placed in the stores of the city. This course also deals with the Ethics of Business. Counted on a major in Economics.
MWF 3 Hrs.

240 *Marketing*—The subject matter includes a consideration of market forces, structures and functions. This includes consideration of trade channels, the development of marketing methods, a consideration of the various middle men engaged in the distribution of merchandise, the organized produce exchanges and speculation, chain stores, mail order houses, price policies, market analysis and the coordination of market poli-

cies, with other activities of a business unit. A general survey of the marketing fields. Counted on a major in Economics.
MWF 3 Hrs.

244 *Secretarial Accounting*—To familiarize the students with the special type of accounting that they are apt to encounter in business. Review of fundamental principles of accounting and banking practice, investment terms, household accounts, personal accounts, columnar books — special ledger, library accounts, accounts of small shops, mercantile accounts, lawyer accounts, physicians' accounts, accounts of school and college lunch rooms, and accounts of private schools and colleges.
TT 2 Hrs.

253 *Typewriting*—Office procedures. Laboratory fee $4.00. Prerequisites, Typewriting 151-152.
MTWTF 3 Hrs.

254 *Office Practice and Training*—To familiarize the student with the office machines and appliances. To provide the student an opportunity to develop a high degree of proficiency through actual office experience. Actual stenographic experience in offices on the campus and in various offices in the town selected for the variety of work they afford the student to increase proficiency—thus bridging the gap between training and placement.
MWF 3 Hrs.

262 *Business English*—This course devotes time and effort to two phases of business writing; first, review of grammar, orthography, orthoepy; second, the fundamentals of business writing, the five big C's: Clearness, Conciseness, Completeness, Correctness, and Courtesy. It covers special problems such as collection of letters, follow-up sales letters, application letters, plain letters, adjustment letters, appeals, reports, etc. Prerequisite: English 101-102.
TT 2 Hrs.

351 *Principles of Accounting*—The work in this course includes thorough instruction in the study of corporation accounting principles, which is supplemented by carefully selected questions, problems and practice sets. This course takes up a brief introductory study of cost accounting in connection with the study of manufacturing accounts. Prerequisite, Accounting 142.
MWF 3 Hrs.

352 *Accountancy*—This is a continuation of Principles of Accounting 351.
MWF 3 Hrs.

361 *Income Tax Accounting*—This course embraces a practical application of the principles of the 1936 Federal Income Tax Law to concrete situations and contemplates a series of tax problems covering the preparation of corporation, partnership and individual tax returns, as well as, claims for refund, credit and abatement. Our own state income tax law is taken up and discussed in class. A laboratory work book accompanies this course. Prerequisite: Advanced Accounting 142.
MWF 3 Hrs.

363 *Insurance*—This course is a descriptive course in insurance, stressing the economic, social and business functions of insurance as a business device. The types discussed are: fire, life, rain, hail, tornado, marine, accident and health, public liability, credit, workman's compensation, automobile, fidelity and title insurance. It will also cover the types of organizations for insurance companies.
TT 2 Hrs.

365 *Social Security and Pay Roll Accounting*—The nature of the work provided in this course is such as to provide information of both social and vocational value to the student who expects to become either an employee or an employer after graduation. The course provides a series of lectures with quizzes; practical problems; and projects providing actual practice in computing benefits, recording pay-roll taxes, and preparing the returns required under the Federal Social Security Act and state unemployment compensation acts.
TT 2 Hrs.

401 *Business Administration*—Business Administration in its broadest sense consists of the organization, administration, and control of the major activities of a business, which are sales, purchasing, production, personnel administration, finance and record keeping. Other factors involved in plant are the consideration of risk and risk-bearing and the methods of meeting it in modern industrial society. The different forms of business unit are discussed, which are single proprietorship, partnership, and corporation.
TT 2 Hrs.

452 *Auditing*—This course gives consideration to the practice and procedure in making two general types of audits; namely, the balance sheet audit and the detailed audit. A work book is used with this course. Prerequisite: Accounting 351.

FEES AND EXPENSES

TUITION.—The regular tuition charge is $75.00 per semester. This amount entitles the student to carry sixteen hours.

Students who are allowed to take more than sixteen recitation hours will be charged at the rate of $5.00 per semester hour for all additional hours. All recitation hours under fifteen will be charged at the rate of $5.00 for each semester hour.

MATRICULATION.—A matriculation fee of $5.00 is paid upon entering the College by all students excepting those whose work is exclusively in Music, Art or Expression.

MEDICAL FEE.—A medical fee of one dollar per semester is charged each regularly enrolled student. Every student is required to have a medical examination the first semester. Every new student enrolling for the second semester is also required to take this examination. A competent physician maintains an office on the campus where visiting hours are established. The fee covers consultation and examination only.

LIBRARY FEE.—Every regularly enrolled student will be charged a fee of one dollar per semester to provide funds with which to purchase new books for the library.

LATE REGISTRATION.—A fee of $5.00 will be charged for all late registrations unless special permission is given by the Dean for such late registration.

STUDENT ACTIVITIES FEE.—This fee pays for tickets to all home varsity athletic games, lyceum course, and college paper. First semester—$5.50, second semester—$5.50.

OUT OF TOWN STUDENTS.—The total charge for tuition, activity fees, matriculation, room and meals, for girls living in Agnes Howard Hall is $240.00 per semester. (This does not include laboratory fees, library fee, medical fee, special courses or books.) A discount of 5 per cent is allowed if the total amount is paid at the time of enrollment. This reduces the cost to $228.00 per semester.

STATE CONSUMER'S TAX.—This tax is required of all institutions in West Virginia furnishing meals and maintaining dormitories. The tax amounts to $3.00 per student per semester.

PAYMENT OF TUITION FEES.—The following regulations were adopted by the Board of Trustees in June, 1933, and the Treasurer's Office will be governed accordingly:

REGULATION No. 1.—All tuition and fees are payable in advance at the time of registration.

Regulation No. 2.—In case of extreme emergency, by application to the treasurer, arrangements may be made for monthly payments, which shall be due and payable on the first day of each month. Notes with good security shall be required for deferred payments, but shall not extend in time beyond the close of the semester. Failure to pay any installment on the due date shall cause the entire note to become due and payable and if such failure to pay shall continue for a period of fifteen days, class privileges shall be denied the student whose note is in default.

Regulation No. 3.—All accounts must be paid in cash before credits are available, a diploma granted or a transfer of credits made, or an application to the State Board of Education filed for certification.

Refunds.—Tuition and fees are not returnable except when the withdrawal is caused by sickness or causes which, in the judgment of the college authorities, are entirely beyond the control of the student.

It is necessary for the student to submit to the Dean notice of his withdrawal at the date of such withdrawal. Students withdrawing under discipline forfeit all claim to any refund. Special or laboratory fees are not subject to refund.

Wesleyan Book Store.—Students should be prepared to pay cash for books and supplies as no system for charge accounts is maintained in this department. This rule has always been in effect, but a few students have come unprepared to pay for their books. Please observe this regulation in order to save confusion.

SCHOLARSHIPS, LOANS AND AWARDS

SCHOLARSHIPS

In recognition of high scholastic standing and a true ambition to attain a college education the Alumni and friends of the College have provided a number of scholarships. The average value of a scholarship is $60.00 annually, one-half of which is to be applied each semester toward the payment of tuition and fees. It is the custom of the College to make these awards in accordance with the desire of the donors when there is an expression in this particular.

Scholarships are awarded for one school year only. A candidate for one of these awards should not have any deficiencies standing against his record. Any student who fails to maintain a passing average during the first semester is liable to lose the benefit of his scholarship for the rest of the year. It is expected that the holder of a scholarship carry a study program at least fifteen hours of credit.

Applications should be made to the Dean of the College, on forms furnished from his office. The applications should be filed not later than September 1.

Through the generosity of certain organizations a few other scholarships are available. These helps are based on scholastic rating and character. Students interested should see the Dean or the President.

HIGH SCHOOL SCHOLARSHIPS

The Board of Trustees of West Virginia Wesleyan College has directed the Administration to offer *prize scholarships* of one hundred dollars each to one student, boy or girl, in any first-class high school. The *prize* will be given as an incentive to good scholarship, and as a means of acquainting the youth of our State with the character of work done by the College.

The following rules govern the award of the prize scholarship:

Provision 1.—In order to qualify for a high school prize scholarship, the applicant must have been graduated from high school during the school year immediately preceding the college year for which the scholarship is granted.

Provision 2.—In order to qualify for a high school prize scholarship, the applicant must be of good moral character, and must, on the basis of average grades earned in high school during the three years immediately preceding high school graduation, stand among the highest ten per cent of his graduating class, and must have an average standing of not lower than B or lower than 85 per cent.

PROVISION 3.—High school prize scholarships will be awarded to the highest ranking individuals among those qualifying under Provisions 1 and 2 who are willing to accept them; and in larger high schools, one scholarship will be awarded for each 75 graduates or two-thirds fraction thereof, provided: That not more than three scholarships shall be awarded in any one year to graduates from any one high school.

PROVISION 4.—The procedure to be followed in awarding the high school prize scholarships is as follows: Prior to each commencement the principal of the high school will report to West Virginia Wesleyan College the names and ranks of all students in the graduating class who, under Provisions 1 and 2 above, qualify for high school prize scholarships, and will indicate which ones are willing to accept the scholarship. West Virginia Wesleyan College will issue to the individuals meriting the award under Provision 3 above, high school prize scholarship certificates, which upon presentation at the Treasurer's office will be credited on tuition, Fifty Dollars on tuition for the first semester, and Fifty Dollars on tuition for the second semester for each certificate.

METHODIST LOAN FUND

A limited number of needy Methodist students may secure loans from the Student Loan Fund administered by the Board of Education of the Methodist Church. This fund has been built up by the annual Children's Day offerings of the Sunday Schools and the amounts made available by returned loans. A student who borrows, signs an interest-bearing promissory note, obligating him to full and prompt repayment. Christian character, satisfactory scholarship, promise of usefulness, financial responsibility and the recommendation of the church to which he belongs are required of an applicant. Application for these loans must be made through the College Treasurer within two weeks after the opening of the semester. Loans are not made to freshmen during their first semester.

THE WESLEYAN KEY

The Wesleyan Key is symbolic of student achievement in Wesleyan College. It may be awarded only to members of the senior class who have fully satisfied the requirements for this honor. The award is based on points earned in extra-curricular activities, promise of leadership, and merit earned in the classroom.

To be eligible for the Key boys must earn at least sixty points; girls shall earn fifty points. The point rating is based on various subjects which in each case covers one year of work unless otherwise explained.

The points are designated as follows:

Assistants: Classroom or Laboratory 3.

Athletics-Major Sports: Varsity 3; Substitutes 1; Managers 3.

Campus Organizations: President 5; Other Officers 2.

Cheerleaders: Head 3; Others 1.

Student Council: President 15; Directors 8; Secretary-Treasurer 8.

FUTURE PROGRAM OF COLLEGE

Any institution which is satisfied with its accomplishments has ceased to advance. By that token West Virginia Wesleyan College must move forward. Her many friends are justly proud of her progress covering the short period of half a century. In physical property, the holdings have grown from forty acres of land and one building in 1890 to fifty acres, five buildings, one of which replaced the first one destroyed by fire, a central heating plant, and off the campus, a residence for the President. The total property value approximates $700,000 and could not be duplicated today for one million dollars. The endowment has grown to half a million, a very small amount of which is unproductive.

During the existence of this institution, covering both the seminary and the college years, we have conferred 2,648 degrees and diplomas and our files indicate that more than 10,000 other students have received academic credits. A large number of Wesleyan graduates are teachers in the schools of our state. In all parts of West Virginia and beyond our borders, West Virginia Wesleyan men and women are found who are giving the finest account of themselves as home builders, as professional and business men and women, as leaders and supporters of our churches, and as substantial citizens of their respective communities.

The College will continue to maintain its high standards of instruction, and its endeavors to serve the best scholastic interests of its students. Our courses will be strengthened, giving due consideration to the demands of the men and women who come here for training. Our Summer School has proved valuable to many and is growing each year. An increasing number of public school teachers and other professional men and women are taking advantage of our extension courses.

The Board of Trustees has outlined and adopted a five-year development program in celebration of the 50th anniversary of the College in 1940. The objectives in this program work towards better facilities and an increased efficiency in every department. Wesleyan will make such improvements, both in physical equipment and in curriculum, as will add real advantages to the student body.

We seek to cooperate with all the educational forces of the state, and thereby increase our service to the general public.

BUILDINGS AND GROUNDS

The buildings of the College are six in number, five of which, the Administration Building, Haymond Science Hall, the Gymnasium, the Music Hall, and the Agnes Howard Hall for women, are located on the campus.

The Administration Building is a three-story brick structure and replaces what was known in the earlier days as the Seminary Building, which was destroyed by fire in 1905. It stands almost in the center of the campus on the crest of a knoll. All of the offices, the library, the Atkinson Chapel and a number of recitation rooms are in this building.

Haymond Science Hall is a beautiful and well-built structure and houses the laboratories of the science department. This is one of the best equipped science buildings of any college the size of West Virginia Wesleyan.

The Gymnasium is a much larger building than one would expect to find on the campus of West Virginia Wesleyan College. The college authorities enlarged the building in order to accommodate basketball tournaments that are held here. In addition to the floor of the gymnasium for basketball and other intramural sports, the building is equipped with swimming pool and handball court, lockers and showers for both men and women, and recitation rooms for the physical education department.

The Music Hall, the smallest of the buildings on the campus, is a three-story brick structure with studios for the instructors and practice rooms for students in piano, pipe organ, and orchestral instruments.

The Agnes Howard Hall is a four-story brick structure, providing rooms for 150 young women. In recognition of a substantial gift made by Mr. and Mrs. Clarence D. Howard as a memorial to their daughter, Agnes, this building, which was her home in her student days in 1916, was henceforth called Agnes Howard Hall. This gift provided for the original building.

An addition, completed in January, 1929, more than doubled the rooming capacity of the original building and completely modernized the structure. The ground floor is occupied by a spacious dining hall, modern kitchen, and store rooms. In addition to three small parlors, there is a large drawing room which is magnificently furnished, and a recreation room with a radio, piano, and games. This room is the center of all social and formal activities of the girls. A splendid room in the building is provided for the use of sorority and non-sorority groups.

The Agnes Howard Hall is the center of college life for young women. Here is provided a home for the students who reside out-

side of Buckhannon under the immediate care and counsel of the Dean of Women and her assistants. Every provision is made for the happiness and welfare of the girls in this hall. A student organization at the Hall has developed a large measure of self-government.

All young women not residents of this city are required to live at the Hall. Exceptions to this rule may be made when the student has relatives living in Buckhannon and desires to live with them; also, when it is necessary for the student to board and room herself; and when all the rooms in the Hall are taken. Parents and young women are asked to note very carefully this requirement. No one is to make arrangements for rooming elsewhere without the approval of the Dean of Women. Permits from parents to attend dances or visit out of town should be presented by the new students to the Dean of Women on entering college.

All rooms in the Hall are furnished with the exception of sheets, pillow cases, comforts and blankets for the beds, rugs for the floor, curtains for the windows, and a napkin ring marked with the first and last names. Trunks should be marked with full name.

Charges for room and board are due and payable as indicated under "Fees and Expenses."

The Library is adequate to accommodate the needs of the students and faculty. In all, the collection of books totals about twenty thousand volumes, several thousand pamphlets, various prints and brochures. Besides the annual addition of new books purchased through the College, there are often valuable gifts extended by friends. Sometimes the gifts represent all of private libraries, creating different subjects, while on other occasions the volumes treat on some particular subject. All donations are catalogued in the general library and placed in the service of the college. To keep in touch with current life a liberal list of newspapers is received daily, and a valuable representative number of weekly and monthly magazines come to the Library.

The reading room is open for general use. Books may be taken from the Library not longer than a period of two weeks. Students engaged in research or other special work are given special privileges which are explained by the librarian to the student at the time any special request is made.

Athletic Field. In keeping with its athletic program the College furnishes excellent grounds for the purpose of encouraging sports and games. The students enrolled in the physical education classes do not only use the gymnasium but are taken to the athletic field for classes when it is deemed advantageous by the instructors.

The field is protected from any unnecessary abuse and thus is kept in good order through the year. On either side bleachers are erected which accommodate the people gathering to witness the athletic contests. Ample and protected room is furnished for students and spectators.

GENERAL INFORMATION

PUBLICATIONS

The students publish the *Pharos*, a weekly newspaper, which chronicles the college events and affords a medium for essays, orations, and the expression of students' opinion.

The College Bulletin is published at frequent intervals, and sent without charge to all who request it.

The *Murmurmontis*, a college annual, is edited and published by the students.

RELIGIOUS LIFE

The College does not hold any regular Sunday service. In view of the fact that many Christian denominations are represented in the student body, the student is given the chance to attend the church of his choice. The administration of the College urges church attendance. The students individually and in groups become identified with the several churches located in Buckhannon which is a religious center. They often render help in conducting the service programs. Some of the ministerial students regularly fill appointments in churches located in the vicinity of Buckhannon. The choir and Christian organizations are active in the College and churches. The local ministers always extend a cordial invitation to the students to be present at the Sunday services.

CONVOCATION

A general assembly of all the students is held in Atkinson Chapel three times each week, Monday, Wednesday and Friday. The time of the assembly is from 9:50 to 10:20 A. M. Attendance is required.

On Mondays and Fridays the programs are of a general nature. Members of the faculty and visitors address the students, using subjects of important interest. At least one of the lyceum numbers is given at the Convocation.

On Wednesdays the convocation is strictly of a religious nature. The address is given by the President, a member of the faculty, or a local or visiting minister. The college choir renders selections of sacred music. This program is entirely free from any denominational bias. It is prepared to be of a religious value to all the students.

SUMMER SCHOOL

It is a regulation of West Virginia Wesleyan College to hold a summer session of nine weeks of five days a week in addition to the regular academic year. The courses are usually conducted by the heads of the various departments, and when it is necessary to

secure teaching help outside our own institution care is exercised to obtain efficient and highly trained instructors.

The importance of conducting our summer school is warranted by the following reasons: It affords an opportunity to students to shorten the time required to complete the work specified for a degree, permits a chance to students to remove deficiencies and thus not prolong the time required for finishing their courses, and makes it possible for teachers to carry on their work toward a degree and qualify for a higher certificate.

The summer school is regularly announced through a bulletin that is published about the first of February of each year. In this bulletin a detailed statement is made of the plans our College has provided for meeting the requirements for certification of teachers and for the advancement toward qualifying for a degree. A copy will be sent upon request. Address inquiries concerning the West Virginia Wesleyan Summer School to Director of the Summer School, Buckhannon, West Virginia.

BUREAU OF RECOMMENDATION

On account of having trained a great many young men and women for positions that require highly skilled labor, Wesleyan College has often felt the need of an organization that would promote the opportunities of its graduates to secure worthy positions. In order to satisfy this need a Bureau of Recommendation was organized, and it is now a definite feature of the College.

It is the purpose of the Bureau to extend more valuable services to the alumni, and to cooperate with school officials in securing competent teachers. In addition to rendering help to those who make special preparation to engage in teaching, the organization may include other interests in the higher commercial and professional pursuits and thus, as far as we are able, make it possible for the graduates of Wesleyan to avail themselves of entering various fields of employment.

The enrollment of the members of the alumni who are candidates for positions as teachers, those who desire to be transferred to other localities, and those interested in other fields of employment is invited. We also invite the cooperation of boards of education and school superintendents that assistance may be rendered to them in securing capable teachers for their schools.

The Bureau is under the direction of the Dean of the College. No fee is imposed for registration.

STUDENT GOVERNMENT AND DISCIPLINE

Matters pertaining to government and discipline in the College are under the supervision of the President, the Dean, and the faculty. Women students living in Agnes Howard Hall are directly responsible for their conduct to the Dean of Women. In the dormitory is a council composed of girls which cooperates with the Dean of

Women in administering the rules relating to their daily conduct.

It is not the policy of the College to place undue restraint on the student's life, however, he is relied on to practice regular habits and good conduct. The activity of the student is expected to harmonize with the ideals of the College. If one should become out of sympathy with the spirit of the institution he may be requested to withdraw from his classes and his enrollment cancelled.

HEALTH SERVICE

For the purpose of protecting the general health on the campus a physical examination is required of each student at least once yearly. This examination is conducted by a trained physician. If any deficiency is discovered the student is advised how to take corrective measures in order to rid himself of any ailment. A small fee is charged for the examination.

A trained nurse lives in Agnes Howard Hall for the purpose of rendering care to the girls who should become ill enough to need her services. The students are trained and urged to care for their physical well being, and the College renders valuable aid in promoting this interest.

SOCIAL LIFE

Wesleyan is a co-educational institution. The sanest and most effective social development of the young women and young men is promoted during their college days together.

Wesleyan students are from the best homes. At social gatherings and public athletic events the students mingle freely. The presence of members of the faculty is expected and acceptable to these events. The parlors of the Ladies' Hall are available one evening in the week for the young men making social calls.

Off the campus three fraternity houses afford centers of fellowship for certain groups. A number of organizations seek to promote interest along literary, scientific, philosophic, and musical lines. Under the direction of a faculty member, an intramural sport program for men and women is usually planned. So far as possible, all students are expected to participate in some athletic sport.

The College recognizes its responsibility to assist in providing a helpful social life. The faculty supervises a number of programs throughout the year intended to bring all faculty members and students together and thus offer opportunity for acquaintance. The College does not sponsor dancing either on or off the campus.

ORGANIZATIONS

ALPHA PSI OMEGA

The Alpha Rho cast of Alpha Psi Omega was established at West Virginia Wesleyan College on May 28, 1930. Alpha Psi Omega is one of the largest of the national dramatic fraternities. There are eighty-two casts in colleges and universities of the United States and Canada. Alpha Psi Omega is a member of the association of Speech Art Fraternities. Those who have had major parts in several plays are eligible for membership and only then by the unanimous vote of the cast. It is both an honor and a professional asset to be a member of Alpha Psi Omega.

PI KAPPA DELTA

The West Virginia Alpha Chapter of Pi Kappa Delta, an honorary forensic fraternity, was installed by national officers of that fraternity in May, 1928. It is the purpose of this organization to promote forensic endeavor. West Virginia Alpha sponsors the forensic activities of Wesleyan. Members are awarded for their proficiency with a key, the emblem of the fraternity. Each year the Wesleyan chapter has taken active part in the state debate tournaments and the regional Pi Kappa Delta meetings.

SIGMA ALPHA SIGMA

Sigma Alpha Sigma, founded in May, 1933, is Wesleyan's honorary scholastic society. Its aim is to promote scholarship and friendship among all the students of Wesleyan. Resident members-in-course entitled to general honors for three semesters or more are eligible for election to membership. In addition to scholarship, good moral character is a qualification of membership. Members, in order to remain in good standing in the society, must maintain an average grade of "B." The organization consists of two divisions: the Alpha, or men's division; and the Beta, or women's division, coordinated for their mutual benefit.

WESLEYAN PLAY SHOP

The Wesleyan Play Shop is devoted to the development of dramatic talent. Membership in the organization is obtained by performing four apprenticeships before initiation. One of these must be a part in a play. These initiation restrictions make it possible for only those of the best talent to become active members. The members receive training not only in acting and taking part in plays, but in directing as well.

HAUGHT LITERARY SOCIETY

The Haught Literary Society, named for Dr. Thomas W. Haught of our faculty, is one of Wesleyan's social organizations for girls. The membership consists of sixteen girls, and every school year each departing member leaves her choice of a successor from the three upper classes. The club meets weekly to study drama, poetry, prose, and other literary topics under the guidance of one of the members or a guest speaker. Among the club's social events is the annual formal dinner in honor of Dr. Haught.

BENZENE RING

The Benzene Ring, the Chemical Organization of the Department of Chemistry of Wesleyan College, is an honorary society for those students who intend to take advanced work in Chemistry. The Ring has interesting, and educational programs twice a month. The meetings consist of special lectures, demonstrations, and visits to industrial centers.

NUCLEUS SOCIETY

The Nucleus Society is an honorary organization for those students who excel in Biology. Research is stimulated and carried on by groups and individuals. Visits to various clinics, hospitals, and other biological centers are made. Students must have a "B" average in Biology and receive unanimous approval of members. Associate members are of the freshmen who have received "A" grades in their Biological studies, and approval of the members.

OLYMPIC CLUB

The Olympic Club is an organization of those who enjoy sports and body development. Membership is limited to sophomores, juniors, and seniors. Those desiring membership in the organization must make application at the time set by the club.

HOME ECONOMICS CLUB

The Home Economics Club received its charter from the National Home Economics Association. The Club aims to furnish social activity and programs of special subjects related to the home and home environment. One project is completed during the college year. Meetings are held the fourth Monday in each month.

FRATERNITIES AND SORORITIES

Following an enabling resolution of the Board of Trustees passed in June, 1925, three fraternities, the Kappa Alpha, Alpha Kappa Pi and Sigma Eta Delta; and four sororities, the Sigma Delta Chi, Sigma Pi Delta, Kappa Phi Omega, and Tallagewe, have effectively organized.

THE LANTERN

The Lantern is open to all young men of Wesleyan who desire a creative fellowship and the discussion of the great problems of youth and the major questions so prevalent today, such as war and peace, race prejudice, prohibition, etc.

Dispelling past beliefs this organization does not intend to overemphasize religious worship nor will it be neglected. The chief purpose is to give every young man the opportunity for an enjoyable hour of educational recreation in an atmosphere of Christian friendship.

Y. W. C. A.

The Young Women's Christian Association is the only organization open to all girls on the campus. In the main this group fosters Christian fellowship, comradeship, and opportunities for leadership. The program for the year is so arranged that each person will develop a deeper spiritual and social life.

THE STUDENT VOLUNTEERS

The Student Volunteer group is one of the most active organizations on Wesleyan's campus. This group of Christian young people work in many ways bringing together the students of Wesleyan College who are interested in promoting and living Christian lives.

MINISTERIAL ASSOCIATION

The Wesleyan Ministerial Association is an organization composed of those who are candidates for the ministerial profession. Its purpose is to provide inspiration, fellowship and instruction for the group as well as to help meet the religious needs of the campus.

A CAPPELLA CHOIR

The Wesleyan choir is the musical organization of the campus and is open to men and women. The choir sings in the worship services of chapel and represents the College by giving concerts in other cities and churches of the state.
